INTELLIGENT & SUSTAINABLE DESIGN

Nothing was left to chance while designing THE GOLD. A deep study of the Sun patterns through the year and the radiation levels were measured to design a building that becomes energy efficient and yet give the comfort of a luxurious lifestyle.

The west and east facade that face harsh sun were given adequate openings and cavity wall reducing heat radiation to 50 percent than regular walls. The north and south facades that face less direct heat are fitted with a double glazed glass. In addition to each balcony is designed with a plantation that act as another layer of cutting down heat and radiation.

STATUE IN THE SKY!

THE GOLD
by samor

20 MAGNIFICENT STORIES ADD UP TO THE KIND OF FLAMBOYANT GLAMOUR THAT IS THE VERY ESSENCE OF THE CITY - AHMEDABAD.

For THE GOLD, we have designed a powerful skyline silhouette sculpted by penthouse terraces. Bay windows and notched corners allow for rooms to flood with daylight.

At night, the building is transformed by the play of light that illuminates the spectrum of life within its sculptural walls. The residential lobby includes sleek expanses of marble floors, exquisite wall treatments, elaborate art work, and ornamental sconces.

Landscape is as important as the built spaces at THE GOLD. Special care has been taken to design the landscape that interweaves into the built spaces seamlessly to give residents a serene and relaxing experience of nature.

INSPIRED INTERIORS

THE LAYOUTS ARE THOUGHTFULLY DESIGNED TO ACCOMMODATE AND ENHANCE MODERN LIVING.

THE GOLD residences are characterized by interiors with generous proportions, spectacular views, and highly versatile layouts.

Every step of each resident's journey, from the main lobby to their own residences, is carefully considered and meticulously choreographed to achieve the most welcoming and gracious flow.

Generously sized windows frame scenic views. Ceilings that soar to nearly 11 feet and wooden flooring in the bedroom create warmth, adding to the character of these beautifully designed residences.
